

Sturgeon Public School Division

IMR/CMR Priorities 2020/2021

- Upgrade emergency lighting to LED and incorporate running man standard for emergency exit signage;
- Replace Georgian wire glass in schools with tempered safety glass;
- Update signage and room identification labels;
- Washroom renovations to replace outdated fixtures and install auto flush devices;
- Create a key control program and update lever handle access to classrooms;
- Bus lane reconfiguration at Landing Trail School;
- Redwater skylight replacement with clerestory vertical glazing;
- Grade work and drainage improvements at Ochre Park School;
- Roof replacement segments at various locations;
- Retrofit of energy-consuming devices such as lighting and BAS controls updating; and
- Demolition and relocation of modular units at École Morinville Public School.
