## Highlighting Annual Reports

Each year, we compile reports summarizing essential information for our school communities. This month, we are pleased to announce the publication of three key reports, now available for viewing:

- [The Indigenous Education Report](#): This report underscores the Division's ongoing commitment to enhancing the educational experiences and outcomes for First Nations, Métis and Inuit students.
- [The Off-Campus and Dual Credit Report](#): This report details the Off-Campus Education program, including the Work Experience Program (both on and off campus), the Registered Apprenticeship Program (RAP), Dual Credit and the Alberta Agriculture Green Certificate Program. These programs provide students with opportunities to explore career goals while earning high school credits.
