SLQS Competencies ([SLQS](#) / [Board Policy 700](#)):

Building Effective Relationships
Visionary Leadership
School Authority Operations and Resources
Supporting Effective Governance

Subject: **Pembina Pipeline Corporation Grant**

Purpose:

For information.

Background:

During the 2023-2024 school year, the Superintendent's Office submitted multiple grant applications and spent time searching for different external funding sources to ensure all Sturgeon Public students have access to nutritious meals. In response to the rising cost of food and the increase in the number of students accessing food in each school, this initiative was aimed at expanding the support for students to ensure they have access to nutritious food to promote learning and well-being.

We are excited to announce that, earlier this month, the Division received confirmation from one of the grant applications. Pembina has approved our grant application for Redwater School and Ochre Park School. The two schools will receive a nutrition grant for the 2024-2025 school year sponsored by Pembina which will be administered through the Breakfast Club of Canada. These funds will be disbursed between the two schools to enhance their existing nutrition programs.

The Division will continue working with the Breakfast Club of Canada to ensure the effective implementation of the grant to support these programs.

Administration is prepared to respond to questions at the August 28, 2024, Public Board meeting.
