

**Date:** November 27, 2024 **Agenda Item:** 7.3

**To:** Board of Trustees

**From:** Shawna Warren, Superintendent

**Originator(s):** Jonathan Konrad, Deputy Superintendent, Education Services  
Shannon Requa, Director, Education Planning

**Subject:** **Draft Sturgeon Public Schools Annual Education Results Report (AERR) - November 2024**

**Recommended Motion:**

THAT the Board of Trustees approve the Sturgeon Public Schools Annual Education Results Report (AERR).

**Background:**

Attached for Trustee review is the DRAFT Annual Education Results Report (AERR) for November 2024.

The Division’s Annual Education Results Report (AERR) provides information on results for all required provincial measures and local measures Sturgeon Public Schools chooses to include. The report highlights the successes and challenges of the past year and is prepared each year in November for the Board of Trustees to review. The attached AERR specifically reports on progress towards achieving the goals and outcomes of the May 2023 - 2026 Education Plan which was approved by the Board in May 2023.

An overview of the Division’s financial results, once approved, will be included in the AERR.

**Status & Relationship to Superintendent Leadership Quality Standard (SLQS):**

This report aligns with the [SLQS](#) in the following way:

- COMPETENCY:** (3) Visionary Leadership
- INDICATORS:**
- b. promoting innovation and continuous improvement by building structures and developing strategies to support staff in professional collaboration;
  - c. promoting in the school community a common understanding of and support for the school authority’s goals, priorities and strategic initiatives; and
  - d. ensuring that the vision expressed in the school authority’s education plan is responsive to the ongoing review of the school authority’s achievements, meets all requirements

identified in provincial legislation and incorporates the school community's perspectives.

**COMPETENCY:** (6) School Authority Operations and Resources  
**INDICATORS:** a. providing direction on fiscal and resource management in accordance with all statutory, regulatory and school authority requirements; and  
e. establishing data-informed strategic planning and decision-making processes that are responsive to changing contexts.

**COMPETENCY:** (7) Supporting Effective Governance  
**INDICATORS:** d. ensuring that the board's plans, resource allocations, strategies and procedures lead to the achievement of its goals and priorities; and  
f. supporting the board in the fulfilment of its governance functions in the fiduciary, strategic and generative realms.

**Governance Implications:**

Education Act

Board responsibilities

33(1) A board, as a partner in education, has the responsibility to

- (a) deliver appropriate education programming to meet the needs of all students enrolled in a school operated by the board and to enable their success;
- (b) be accountable and provide assurances to students, parents, the community and the Minister for student achievement of learning outcomes; and
- (c) provide, where appropriate, for the engagement of parents, students, staff and the community, including municipalities and the local business community, in board matters, including the board's plans and the achievement of goals and targets within those plans.

Policy 105: Vision, Mission and Values

VISION

Sturgeon Public School Division: where, through a well-rounded education, students are motivated and supported to pursue their unique path to future success.

MISSION

Working together as a team of trustees, parents, community, staff and students, we create safe, respectful and collaborative learning environments where students are prepared to meet and excel at the challenges presented by the global community.

## VALUES

Excellence in teaching. We know that magic can happen when students are engaged, excited and feel connected to their learning and their teachers.

Shared responsibility. We all have an important part to play in the education process. Working together, we strive for excellence so we can build a stronger future for us all.

Mutual respect. Students, staff and parents all deserve to be treated with respect. By fostering reciprocal respect within our system, we will all be able to reach our full potential.

Belonging. Students must be able to learn in healthy environments where they feel safe; have strong connections; are free from bullying; and where their physical, intellectual and emotional needs are met. We are a school division and a family.

Learning choices. One size does not fit all. We recognize that to prepare students for their futures, we must meet their diverse needs along the way.

Communication. To do the challenging work of educating the next generation, we must keep the communication channels open. We value open, honest and timely communications.

### [Policy 110: Welcoming Inclusive, Safe and Healthy Environments](#)

The Board believes in the importance of, and is committed to, establishing, and maintaining a welcoming, inclusive, equitable, safe, and healthy environment that respects diversity and fosters a sense of belonging.

### [Policy 221: Role of the Trustee](#)

2.1.1 Represent his or her constituents and consider the interests of all Division stakeholders when making decisions.

2.1.2 Be familiar with the Education Act and Division policies and procedures.

2.1.3 Be familiar with and adhere to the Trustee Code of Conduct.

2.1.6 Support the corporate decisions of the Board.

2.1.9 Promote positive relationships between the Board and all Division stakeholders.

### [Policy 225: Role of the Board](#)

Education Planning and Programming

1. Review and approve the vision for the Division.
2. Annually review and approve education goals including the Annual Education Plan.

#### Assurance and Accountability

5. Disseminates any information, in the reports and accounts produced, under the reporting and accountability system to students, parents, electors and/or the Minister in the manner the Minister prescribes.
6. Reviews Division performance, on an ongoing basis, and approves the Annual Education Results Report.

#### Stakeholder Engagement and Communication

7. Establish processes to engage the community and stakeholders in a dialogue about Division programs and future planning.
8. Make informed decisions that consider community values and represent the interests of the entire Division.
9. Promote the schools' programs which reflect the needs and desires of the community.
10. Report Division outcomes to the community annually.

#### [Policy 700: Superintendent of Schools](#)

The Superintendent directly reports to the Board of Trustees and is accountable to the Board of Trustees on behalf of students and the public, for the total operation of the school system in a manner that is consistent with the requirements of the Education Act, Alberta Education regulations, the Superintendent Leadership Quality Standard, Board policies, Division vision, mission and values, and the Education Plan goals.

#### [Policy 701: Board Delegation of Authority](#)

The Superintendent is the Chief Executive Officer of the Board and the Chief Education Officer of the Division and is accountable to the Board of Trustees for the conduct and operations of the Division.

#### [Administrative Procedure 240: System, School and Program Evaluation](#)

Schools, programs and the school system may be evaluated to determine if objectives and outcomes are appropriate for the attainment of a high level of student achievement and for the optimal use of physical, human and economic resources.

The need for any school, program or system evaluation should be identified as part of the priorities set annually for the school year.

#### [Administrative Procedure 241: Annual Education Results Report](#)

Sturgeon Public School Division is required by Alberta Education to prepare an Annual Education Results Report (AERR). As part of a continuous improvement cycle school divisions are expected to assess and interpret the results arising from implementing the Three-Year Education Plan and report on the progress toward achieving identified outcomes. School divisions must also report on their performance and the actions taken to meet their responsibilities in key assurance domains.

The Division acknowledges its duty to maintain communication and accountability by making an Annual Education Results Report available and accessible to its stakeholders.

[Administrative Procedure 810: Protocol for Reporting Provincial Achievement & Diploma Examination Results](#)

Sturgeon Public Schools believes that schools should report on an annual basis to its public results on Provincial Achievement Tests and Provincial Diploma Examinations.

Administration is prepared to respond to questions at the November 27, 2024, Public Board meeting.

## Accountability Statement

The Annual Education Results Report for Sturgeon Public Schools for the 2023/2024 school year was prepared under the direction of the Board in accordance with the responsibilities under the *Education Act* and the *Fiscal Planning and Transparency Act*. The Board is committed to using the results in this report, to the best of its abilities, to improve outcomes for students and to ensure that all students in the school authority can acquire the knowledge, skills and attitudes they need to be successful and contributing members of society.

This Annual Education Results Report for 2023 - 2024 was approved by the Board on XXXXX, 2024.

Tasha Oatway-McLay, Chair  
Board of Trustees, Sturgeon Public Schools

## Public Interest Disclosure (*Whistleblower Protection Act*) Regulation

In the 2023 - 2024 school year, there were no internal disclosures of wrongdoing made in good faith by any Sturgeon Public Schools' employees under the terms of the *Public Interest Disclosure (Whistleblower Protection) Act*.

## Executive Summary

The 2023-2024 Annual Education Results Report (AERR) for Sturgeon Public School Division reviews the Division's progress in achieving the goals of its 2023-2026 Education Plan. This report celebrates successes and identifies areas where continued focus is essential to support both student success and community trust.

### Highlights Across the Five Assurance Domains:

**Student Growth and Achievement:** The Division celebrates improved literacy at certain grade levels and strong outcomes in Indigenous student high school completion rates. Overall Grade 9 Math and Grade 12 Math need targeted support to reach provincial standards. Citizenship and peer respect scores are also below the provincial average, signaling a need for enhanced strategies to foster a respectful, inclusive school culture.

**Teaching and Leading:** High levels of educator engagement, with strong satisfaction in professional development and data-informed practices, underscore the Division's commitment to impactful teaching. Ongoing focus on effective instructional strategies and Indigenous cultural understanding will support further inclusivity and responsiveness in classrooms.

**Learning Supports:** Schools offer welcoming and supportive environments with robust mental health and individualized resources. While these supports are well-regarded, the Division recognizes the need for greater accessibility to mental health services and enhanced resources for diverse learners, especially in middle years.

**Governance:** Parent involvement in educational decisions is a strength, with improvement over last year's levels. However, parental engagement remains slightly below provincial benchmarks, signaling the need for improved communication and transparency to deepen parent involvement and trust.

**Local and Societal Context:** Parent feedback highlighted appreciation for the Division's diverse programming, including STEAM and Career Pathways, which support community-connected learning experiences and career readiness. Despite this, student connection to their school community remains below provincial levels, highlighting the need to foster stronger ties through leadership and volunteer opportunities.

**This AERR measures progress in relation to the 2023-2026 Education Plan, which is summarized on the following page.** (<https://www.sturgeon.ab.ca/download/416909>.)

The insights from this AERR will shape the Division's approach for the coming year, emphasizing targeted math support, student respect and citizenship, and strengthened community connections. These findings will directly inform the updated Education Plan in May 2025, ensuring data-driven strategies that promote student success and community confidence.

## 2023 - 2026 Education Plan Outcomes and Strategies

### Communication

To do the challenging work of educating the next generation, we must keep the communication channels open. We value open, honest and timely communications.

## Assurance Domains and Student Success

Assurance in the education system occurs when community members, system stakeholders and education partners engage across five domains:

- Student Growth & Achievement
- Teaching & Leading
- Learning Supports
- Governance
- Local & Societal Context

Optimal Learning for all Students is the priority for Sturgeon Public Schools. The domains of Teaching and Leading, Learning Supports and Governance support this priority and integrate local context to ensure students of Sturgeon Public Schools meet, and excel at, the challenges presented by the global community.

## Domains and Outcomes

Each domain functions as part of an interconnected system supporting student success. Outcomes within each domain illustrate expected practices, while strategies outline the Division's approach to achieving these outcomes. Measures are used and communicated to all stakeholders as part of our Annual Education Results Report (AERR) to illustrate success and inform the next cycle of improvement.

## Measures in Context

The Alberta Education Assurance (AEA) survey collects feedback on the quality of education within school authorities and their schools. The AEA survey is sent to parents or guardians of students in Grades 4, 7 and 10. Additionally, students in Grades 4, 7 and 10 and teachers (Pre-K to Grade 12) partake in the AEA survey.

Historic participation in the Provincial Diploma Examinations was impacted by the COVID-19 pandemic in 2019/20, 2020/21 and 2021/22.

- Results for the 2021/22 Diploma Examination were limited to a single June writing.
- Results for the 2019/20 and 2020/21 school years are not available for the PATs, Diploma Examinations and Diploma Exam Participation Rate.
- Caution should be used when interpreting High School Completion Rate results over time.

## Domain: Student Growth & Achievement

Public assurance occurs when Sturgeon Public students demonstrate strong achievement across provincial learning outcomes, engage critically and continuously progress as learners.

### 2023 - 2024 Outcomes

Students achieve provincial learning outcomes, demonstrating strength in literacy and numeracy within real-world applications.

Students demonstrate citizenship and respect the uniqueness of all learners.

First Nations, Métis and Inuit students experience academic achievement at rates comparable to non-indigenous peers.

## Engagement Analysis

Student engagement continues to be an area of focus for the Division. Student and teacher responses are within 5% of the provincial average, however, overall achievement and parent responses have declined. Most notably, parent responses were 5.9% below the provincial average and represented a drop of 4.4% from the previous year. Upon further analysis of individual responses, parents of grade 7 students reported a significant decline (-19% from the previous year) in those who agreed or strongly agreed that “Your child is learning what they need to know” while Grade 4 and 10 parent responses remained much more consistent from previous years.

As Sturgeon Public Schools refines future Education Plans, the Division will focus on communicating widely with parents about the excellent, active and engaging learning

experiences of students, especially in the middle years. Through social media, classroom, and school communications, our parents will be more informed about the engaging, meaningful learning taking place throughout Sturgeon Public Schools.

Implications of this data highlight the continuing need for systematic focus on meaningful and engaging learning experiences. Throughout all levels of professional development, the Division will focus on data-informed, evidence-based, best practice strategies.

## Citizenship

The percentage of teachers, parents and students who are satisfied that students model the characteristics of active citizenship.

SPS: Teachers	277	94.2	253	93.8	284	91.5	315	89.3	324	91.3

## Citizenship Analysis

Citizenship is an area of celebration as the Division maintained high achievement overall. It is noted that parent responses were 5.6% below provincial average. We saw small increases with student and teacher respondents, reversing a previous downward trend with teachers, and landing within 5% of the provincial average for both groups.

Implications for the Education Plan include a continued focus on modeling and supporting good citizenship and communicating these efforts with parents. These results highlight the importance of working with leadership, staff and students to support the development of citizenship skills through leadership opportunities and broader community engagement.

## High School Completion Rates

High School Completion Rate (3-year & 5-year) results for the same Grade 10 Cohort are outlined in each table. For example:

- The 3-year high school completion rate for the Grade 10 cohort that started in 2019 is reported in 2021 - 2022 as 76.9%. The completion rate for this same cohort at 5-year completion is reported in 2023 - 2024 as 79.6%.

## High School Completion Analysis

The Division increased the 3-year high school completion rate by 4.4% from last year, maintaining acceptable achievement. Sturgeon Public Schools continues to support 5-year completion in future education plans by focusing on a wide variety of learning choices through enriching alternative learning, credit recovery, and work experience opportunities. Additionally, by focusing on re-engagement and comprehensive support, the Division can accommodate students who need additional time to complete high school. By focusing on an inclusive approach, the Division will strengthen support for a variety of personalized paths to graduation.

Achievement for students who self-identify as First Nations, Métis or Inuit continue to be significantly above the provincial levels for 3-year high school completion and academic achievement. It is noted that these levels are below the achievement for other students in Sturgeon Public Schools.

## Summative Assessment Analysis

Overall, the Division sees a slight increase in grade 6 Provincial Achievement Test results from last year in both acceptable and standard of excellence achievement. The Division is

within 5% of the provincial averages in both measures. The Division is above the provincial average for grade 9 Acceptable standard of achievement.

This data reveals a need for continued focus on grade 9 PAT standard of excellence across disciplines. When examining the individual subject areas, Mathematics 9 (including K&E Standard of Excellence), French Language Arts, English Language Arts standard of excellence, and Social Studies standard of excellence are areas of concern. Areas of celebration include Science 6 acceptable standard (improved significantly), Social Studies 6 standard of excellence (improved), and K&E standard of Excellence (improved).

In terms of diploma exam achievement, the Division has maintained acceptable achievement overall. Math 30-1, Math 30-2, Chemistry 30 standard of excellence are areas of concern. The Division will also focus on English Language Arts 30-2 acceptable standard, Social Studies 30-1 standard of excellence, Social Studies 30-2 acceptable standard, and Biology 30 standard of excellence.

Implications for future education plans include a divisional shared, strategic focus on high impact numeracy instruction (HITS), effective classroom-based interventions in mathematics, as well as continued need to support standard of excellence across disciplines.

### **Early Years Literacy & Numeracy Assessments**

Sturgeon Public Schools participated in the provincial literacy and numeracy assessments, which include the English Letter Name-Sound (LeNS) and The Castles and Coltheart 3 (CC3):

- Grade 1 students participated in the Alberta Education Literacy Screens (LeNS, CC3) and Alberta Education Numeracy Screen
- Grade 2 students participated in the Alberta Education Literacy Screens (LeNS, CC3) and Alberta Education Numeracy Screen
- Grade 3 students participated in the Alberta Education Literacy Screen (CC3) and Alberta Education Numeracy Screen
- Grade 4 students participated in the Alberta Education Literacy Screen (CC3) Alberta Education Numeracy Screen

Participating “At Risk” students in grades 1 to 4 averaged 14 months behind grade level after their initial assessments, Participating “At Risk” students in grades 1 to 4 averaged 12 months behind grade level after the end of year assessment.

Overall, the Division saw a reduction in the number of students at risk across all assessments and grade levels. One highlight is the decrease in students identified as at-risk by Alberta Education Literacy Screens, from 164 (14.8%) to 93 (8.6%)—a statistically significant drop of 6.2%. The Division remains focused on supporting students with diverse learning needs in both literacy and numeracy.

In 2023/24, pull-out interventions targeted grades 4 and 5 in line with the COVID Learning Interruption Grant, emphasizing foundational literacy and numeracy skills. Literacy instruction followed the *Layers of Reading* framework, focusing on explicit skill development for comprehension. In math, emphasis was placed on counting principles, place value, number relationships, and fact fluency. For grades 1-3, “at risk” support was provided through classroom-based, universal strategies such as guided math and targeted progressions. Teachers also accessed professional development to strengthen these approaches, aided by divisional resources like Math Fact Fluency Kits, *Mathology*, and Michael Heggerty’s phonemic awareness tools.

Further analysis showed that some schools significantly reduced their at-risk student numbers by implementing systematic, data-informed, evidence-based teaching practices. This success will inform future plans to expand and support such unified approaches to increase student achievement.

Looking forward, future plans include supporting teachers in administering assessments with fidelity and using data meaningfully in the classroom. Through collaborative, research-informed professional development focused on High Impact Teaching Strategies (HITS), teachers will be equipped to better support even the most complex learners.

## Achievement Across Local Measures

### Student Survey

Sturgeon Public Schools engages students in a variety of ways to gather feedback and insight into learning experiences. During the 2023 - 2024 school year, the Division designed a survey that all grades 4 to 12 students completed in spring. **2506 students**, from 17 schools and learning centres, participated in the locally developed survey. The survey was divided into sections aligned with Alberta Education Assurance Domains: Student Growth and Achievement, Teaching and Learning, Learning Supports, and Governance and Local Context. All questions were asked with the following answer selections: Strongly Agree, Agree, Neither Agree or Disagree, Disagree, and Strongly Disagree. For analysis purposes, we examined responses in the categories of Strongly Agree and Agree and Strongly Disagree or Disagree. This local measure will be referenced throughout the domains of this report.

Student Growth and Achievement: Sturgeon Public Schools Grades 4-12 Student Survey (n=2506)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
I am successful at school	(%)	75.2	5.4
The things I learn in school are useful	(%)	58.3	12.4
I look forward to Math	(%)	48.8	27.1
I look forward to Language Arts	(%)	44.6	27.7
Students are kind to one another at my school	(%)	41.6	24.9

### Analysis of Student Survey

In terms of student growth and achievement, the Division asked a series of questions that uncovered the following information: Areas of strength included responses to the questions, “I am Successful at School” (75% agreed or strongly agreed); and, “Things I learn in school are useful” (58% agreed or strongly agreed). Areas of focus included responses to the questions, “I look forward to English Language Arts” (28% disagreed or strongly disagreed); “I look forward to Math” (27% disagreed or strongly disagreed); and, “Students are kind to one another at my school” (25% disagreed or strongly disagreed).

Widely, students reported a strong sense of success at school with only 5.4% of students disagreeing or strongly disagreeing. This is a celebration that the vast majority of our unique learners feel they experience success at school.

The Division continues to focus on creating environments that foster student growth and achievement. This data further informs our education plan to focus on creating core learning environments that are conducive to engagement.

*“Great job for making this school every year a better place and making it a safe environment to learn new things” - 2024 Student Survey Respondent*

### Parent Survey

Sturgeon Public Schools invited all parents, Pre-K to grade 12, to participate in a locally developed survey. **370 Parents** participated from 17 school sites providing over 5000 data points of feedback. Again, the survey was designed around the assurance outcomes (Student Growth and Achievement, Teaching and Leading, Learning Support, and Governance and Local Context). This local measure will be referenced throughout the domains of this report. Results of the parent survey were shared in a division publication and included in the Early Stakeholder Engagement Results.

Student Growth and Achievement: Sturgeon Public Schools Parent Survey (N = 370)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
I am satisfied with numeracy/ Mathematics education	(%)	79.7	8.7
I am satisfied with the education my child is receiving	(%)	78.7	10.0
I am satisfied with literacy/ English Language Arts education	(%)	76.5	10.5
SPS is helping my child develop skills of good citizenship	(%)	70.3	10.0
Students understand that all learners have unique needs	(%)	68.4	12.4
Students demonstrate respect for each other	(%)	67.0	18.1
SPS is helping prepare my child for life outside of school	(%)	67.0	18.1

In terms of Student Growth and achievement, areas of strength included responses to the questions, “I am satisfied with numeracy/mathematics education” (80% agreed or strongly agreed), and, “I am satisfied with the education my child is receiving (79% agreed or strongly agreed). Identified areas for focus included questions related to, “Preparing my child for life outside of school” (18% disagreed or strongly disagreed), and, “Students demonstrate respect for each other” (18% disagreed or strongly disagreed).

*“Thank you for everything you have done. I feel like things are dealt with appropriately and with consideration to help guide students to become better citizens. All of my kids have had a very good experience with extra curricular options, field trips and a learning experience. Thank you again!” - 2024 Parent Survey Respondent”*

### Staff Survey

**395** staff members from 17 school sites responded to a locally developed staff survey. This survey is also referenced in the teaching and leading domain. In terms of student growth and achievement, Sturgeon Public School Staff are overwhelmingly dedicated to helping students achieve learning outcomes. 92% of all staff describe that they strongly agree and 8% that they agree, that they are personally dedicated to helping students achieve learning outcomes. 94% of staff agree or strongly agree that at their school, staff work as a united team to help students achieve learning outcomes. 98% of staff believe they directly impact student learning - demonstrating high degrees of collective efficacy.

## Domain: Teaching and Leading

Public assurance occurs when Sturgeon Public teachers and principals demonstrate all dimensions of the Teaching or Leadership Quality standards in a collaborative culture of learning.

### 2023 - 2024 Outcomes

Continuous leadership development prioritized division-wide.

Teachers and leaders believe in their ability to impact student learning, plan effectively, and design inclusive environments.

Teachers and leaders use a range of data to implement effective assessment and evaluation practices.

### Education Quality

The percentage of teachers, parents and students who are satisfied with the overall quality of basic education.

SPS: Teachers	277	98.3	253	97.4	283	95.7	315	95.0	324	96.0

## Education Quality Analysis

By AEA indicators, education quality has maintained acceptable achievement across the division overall, with parents, and students. Teachers maintained good achievement. The Division saw a slight decrease from parents, with slight increases from students and teachers, all within 5% of the provincial averages.

## In-Service Professional Development

In-servicing received from the school authority has been focused, systematic and contributed significantly to a teacher’s ongoing professional growth.

In-Service (PD)	Results (in percentages)						Measure Evaluation		
	2020	2021	2022	2023	N	2024	Achievement	Improvement	Overall
SPS: Teachers	76.8	76.0	85.4	89.7	316	91.0	High	Improved	Good

Sturgeon Public Schools continues to note consistent improvement since 2021 in terms of In-Service (PD) division wide with good achievement overall. The Division exceeds the provincial average in this area by 9.9%.

## Professional Learning Supervision and Evaluation

Sturgeon Public Schools are responsible for supporting teaching and leadership quality through professional learning, supervision and evaluation processes. Sturgeon Public Schools’ [Teacher Growth, Supervision and Evaluation Policy](#) is implemented through careful oversight that all professional staff promote a positive public school division culture and climate that fosters continuous professional learning while meeting the Teaching Quality Standard and the Code of Professional Conduct. Principals are empowered to provide support, supervision and evaluation of all teaching professionals.

## Achievement Across Local Measures

Sturgeon Public Schools Survey: Teaching and Leading

### Student Survey

Student Growth and Achievement: Sturgeon Public Schools Grades 4-12 Student Survey (N = 2506)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
My teachers treat me kindly	(%)	85.0	4.1
My teachers treat me fairly	(%)	75.8	7.4
My teachers keep us on task	(%)	75.3	7.5
My teachers help and encourage me	(%)	74.7	6.6
My teachers like teaching me	(%)	68.6	8.3
My school work is hard, but not too hard	(%)	62.5	10.5
My teachers deal with students who misbehave	(%)	71.4	10.5
My Principal or Vice Principal cares about me	(%)	61.3	13.0

Areas of strength from our student survey include that students believe they are treated kindly, fairly and are kept on task by teachers. The Division notes themes of rigor (my work is hard, but not too hard), citizenship (my teachers deal with students who misbehave) and leadership (my Principal or Vice Principal cares about me) as areas to focus on moving forward.

### Parent Survey

Teaching and Leading: Sturgeon Public Schools Parent Survey (N = 370)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
I am satisfied with my child(ren)'s teacher(s)	(%)	80.8	9.2
I am satisfied with the education my child is receiving	(%)	68.7	14.9

80% of parents report being satisfied with teachers. There is room for focus and improvement with parental satisfaction surrounding the education received at 14.9% (disagree or strongly disagree).

### **Staff Professional Development Survey**

**395** staff members from 17 school sites responded to a locally developed staff survey inquiring about professional development needs. The following themes emerged from the data collected.

#### **Planning and Effective Use of Data**

96% of staff describe that they agree or strongly agree that they have the skills to plan effectively and 81% that they have the skills to assess students effectively. 91% of staff responded that they agree or strongly agree that they have the skills to design and support inclusive learning environments. 89% of staff agree or strongly agree that they use a wide range of data to inform their work.

#### **Indigenous Ways of Knowing and Being**

93% of staff agree or strongly agree that their school is committed to truth and reconciliation and 82% agree or strongly agree that Indigenous ways of knowing and being are weaved throughout learning in their school. 86% of staff agree or strongly agree that Indigenous students have access to appropriate support. In our commitment to truth and reconciliation, weaving throughout Indigenous ways of knowing and being and providing appropriate support for staff development will continue to be a focus moving forward.

#### **Professional Development Needs**

62% of staff agree or strongly agree that they value division PD days and 87% of staff agree or strongly agree that they value school-based PD days. 77% of staff agree or strongly agree that they value TCIS (Therapeutic Crisis Intervention for Schools) professional development.

In terms of future professional development needs, staff identified the following key areas for future learning:

- Supporting student behaviour (51% of respondents)
- Supporting mental health and wellness of students (50% of respondents)
- Supporting diverse learners (45% of respondents)
- New curriculum (30% of respondents)

## Domain: Learning Supports

Public assurance occurs when all students belong and learn in environments that support their needs. Public confidence is built when system resources are used to ensure optimum learning for all.

### 2023 - 2024 Outcomes

Public School Communities are safe, caring, respectful and inclusive.

Mental Health Supports are recognized as critical components to student success and wellbeing.

All students achieve within communities committed to truth and reconciliation with understanding of foundational indigenous knowledge.

SPS: Teachers	n/a	n/a	253	95.2	284	93.6	315	92.2	324	93.2

By AEA indicators, the percentage of Sturgeon Public teachers, parents and students who agree that their learning environments are welcoming, caring, respectful and safe has been maintained. The Division saw slight improvements with teachers and students and a 0.5% decrease with parents from last year.

### Access to Supports and Services

The percentage of teachers, parents and students who agree that students have access to the appropriate supports and services at school.

Access to Supports and Services	2019-2020		2020-2021		2021-2022		2022-2023		2023-2024

The percentage of teachers, parents and students who agree that students have access to the appropriate supports and services at school has also been maintained and the Division slightly exceeded the provincial average in this area.

## Achievement Across Local Measures

Sturgeon Public Schools Survey: Learning Supports

### Student Survey

Learning Supports Sturgeon Public Schools Grades 4-12 Student Survey (N = 2506)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
I learn about First Nations, Métis and Inuit in school	(%)	82.4	6.4
I learn about residential schools	(%)	81.5	6.2
Our School is safe	(%)	70.3	9.9
If I have a serious problem, I can get help at school	(%)	65.9	13.8
At our school, it is ok to be different	(%)	63.9	17.2
Our school is caring	(%)	62.2	12.2
Our school is respectful	(%)	59.1	14.2

An area of celebration is that a high percentage of students strongly agree or agree that they learn about First Nations, Métis and Inuit and residential schools. The Division continues to focus on acceptance and inclusivity (at our school it is ok to be different) and respect (our school is respectful). This information informs future planning with a renewed focus on creating healthy school communities based on relationships of mutual respect.

### Parent Survey

Learning Supports: Sturgeon Public Schools Parent Survey (N = 370)		% Strongly Agree or Agree	% Strongly Disagree or Disagree
Our school community is caring	(%)	79.7	7.0
Our school community is safe	(%)	78.7	9.5
Our school community is respectful	(%)	76.5	10.3

Our school community is inclusive	(%)	74.9	7.8
Our school demonstrates respect for Indigenous ways of knowing and being	(%)	73.8	3.2
Our school is committed to truth and reconciliation	(%)	68.9	3.2
Students have access to appropriate mental health supports	(%)	62.2	9.7

Parents view safe and caring school environments as a strength within the Division. Our school community is respectful (10.3% disagree or strongly disagree) and students have access to appropriate mental health support (9.7% disagree or strongly disagree). Of interest is a higher number of parents who were neutral when asked if “our school demonstrates respect for Indigenous ways of knowing and being”, and “our school is committed to truth and reconciliation”. This may indicate a need to strengthen communication around learning and cultural exchange opportunities division-wide.

## Continuum of Supports and Services

At Sturgeon Public Schools, inclusive education centers on addressing students' needs, emphasizing their strengths, and creating conducive and empowering learning environments. Our educational programming is adaptable, flexible, responsive, and considers each student's unique needs, parental choices and our community resources.

The Division remains committed to strengthening behavioural supports for students. The Division has taken significant steps to provide comprehensive assistance, including the introduction of the TCIS (Therapeutic Crisis Intervention for Schools) program, dedicated behaviour lead teachers and the establishment of a behaviour cohort. Additionally, the Division has implemented the ABLLS-R (Assessment of Basic Language and Learning Skills - Revised) to address programming gaps. To further bolster inclusive education efforts, the Division has maintained an inclusive programming coach to support teachers, educational assistants and students in accessing learning. With these initiatives, the Division aims to create a supportive and inclusive environment where every student can thrive and reach their full potential.

School-Based Teams remain dedicated to addressing the needs of all students and children. These teams typically consist of the Principal and/or Vice-Principal, Learning Support Lead, Learning Coach(es), Counsellor, and Behaviour Lead. The School-Based Team focuses on enhancing the skills of teachers and assumes a leadership role in establishing comprehensive support throughout the school.

### **The School-Based Teams:**

- Analyze data related to universal, targeted and individualized support to ensure effectiveness.
- Plan and coordinate academic and behavioural interventions according to student needs.
- Create decision-making guidelines based on data for various levels of intervention and support.
- Monitor the fidelity of implementation of these interventions.
- Offer support, including training, coaching and resources to the staff concerning different levels of intervention and support.

The Division Learning Services Team utilizes a variety of service delivery models that emphasize the need for collaborative multi-disciplinary approaches to support individualized student needs. The Division arranges its services based on multi-tiered systems of support. Pre-Kindergarten programs are available at seven distinct locations.

## Indigenous Student Success and Applying Foundational Knowledge

Sturgeon Public Schools continues to work in partnership to support First Nations, Métis, and Inuit students towards holistic success while systematically improving the Division's collective understanding of Indigenous foundational knowledge and truth and reconciliation. The development of measurable, public goals informed a system-wide approach designed to improve education within Sturgeon Public Schools for the benefit of all students. The Division is grateful to the Knowledge Keepers and Elders who have shared time and teachings with staff and students division-wide.

The Indigenous Education Lead Team, including: Métis Learning Coach, Indigenous Student Counsellor, Indigenous Student Success Coaches, and Indigenous Student EAs, worked collaboratively to support students and staff throughout the Division. Through this team, the Division supported a number of school-based Indigenous Family Nights (5 events) and developed the SPS Indigenous Parent Advisory Committee which saw parents gather from across the Division. Positive momentum and parent involvement is instrumental in supporting the Division's priorities in this area.

The Call to Action Cohort brought staff leaders from each school site to engage in relationally focused, experiential, and holistic professional development to provide guidance and 'elbow to elbow' support at the school level.

Division and school-based administrators participate in monthly foundational knowledge professional learning and dialogue around championing equity across schools. Additionally, beginning teachers and aspiring leaders were supported with professional learning around Indigenous ways of knowing and being so they may incorporate these practices from the onset of their careers. The Division also had the opportunity to focus the March division PD day on Indigenous Foundational Knowledge, and land-based and experiential learning, which included a multitude of breakout sessions and hosting a keynote panel of Indigenous Educator Scholars from the University of Alberta.

## Domain: Governance

Public assurance occurs when Sturgeon Public School Division engages openly with stakeholders with a focus on student achievement and demonstrates stewardship of system resources.

### 2023 - 2024 Outcomes

Students, families, staff and community members are committed to a shared vision for optimal learning, with opportunities for all to be involved.

Resources are allocated and managed in the interest of ensuring student success.

### Board of Trustees

Sturgeon Public School Division Board of Trustees consists of seven Trustees, charged with the responsibility of providing an organized and responsive Public Education system for the students and families in Sturgeon County. Trustees represent the best interests of the community, parents, staff and students by setting the direction for the Division, developing policy and approving the budget.

The Division continues to maintain acceptable (overall and parent) and good achievement (teachers) in parental involvement division-wide. The Division saw rebounds from the previous year's results from all stakeholders.

## Parent Engagement

During the 2023 - 2024 school year, the Division conducted 6 parent engagement events hosted throughout Sturgeon County. The Division hosted more than 195 participants and collected over 1000 insights directly from parents and through discussion. Insights from the events can be categorized in the following key themes:

- Caring staff in Connected Rural Communities:** Parents celebrated and acknowledged the care and attention of dedicated staff members in the context of connected, smaller school communities. Strong sense of community and belonging were evident throughout the comments

- **Learning Choices:** Parents were very supportive of the wide variety of exceptional programming offered throughout the Division. Outdoor learning, STEAM education, Nutrition Programs, CTF and Option course offerings, and extracurricular clubs, teams and activities were greatly appreciated. The wide variety of programming creates opportunities for students to engage with their education.
- **Communication:** Parents recognized and celebrated the Division's focus on improving communication at the school and Division levels.

Several parents commented on improved transportation which demonstrates marked growth from previous survey data.

### What values are important to your school community?

In terms of values important to school communities, communities shared the importance of respect, community, inclusivity, trust and accountability. Open and timely communication paired with accountability at school surfaced as overarching themes around how the Division can best work with parents to support these values in young people. Media and technology, not feeling heard/low trust, and social/ home influences emerged as key themes impacting students' ability to display characteristics of good citizenship.

When asked what values are important to your school community, parents' combined responses resulted in the following word cloud (words represented more often in the feedback are represented larger in size).

**Key themes by community were as follows:**

Gibbons & Landing Trail School

- Diversity
- Community
- Respect
- Acceptance

Bon Accord & Lilian Schick School

- Trust

Emerging from the parent engagement events, was a desire to gather further understanding. As themes of inclusion were included in all engagement events, the Division will be hosting a follow-up parent engagement specifically inviting parents of students with diverse learning needs. We will also host an Indigenous parent engagement event. These follow-up events will allow the Division to capture a more fulsome understanding of parent perspectives and insights.

When asked what the Division should prioritize in the 2024/2025 school year, parents reported insights around several key themes:

- Prioritizing academic excellence and options for many career paths
- Engaging learning (less unintentional screen time & technology access, more time outdoors / active learning)
- Classroom size and student support
- Effective, consistent communication from the school level
- Demonstrating care for students and supporting diversity and inclusion

### Parent Engagement Analysis

As the student result uncovers, finding ways to actively and meaningfully engage parents in students' education will continue to be a Division focus moving forward. While parents report strong opportunities to be involved in school communities, there is room for growth around perceived value of parental perspectives by school staff.

### Accountability/Assurance System for Schools

Sturgeon Public Schools ensures that schools are providing assurance to their communities and demonstrating continuous improvement. As per Sturgeon Public School Division's [Administrative Procedure 243](#): School Education Plans and Annual Results Report, all schools develop annual education plans that align with the Division's education plan and report of school results. School Councils are given the opportunity to provide insight and advice on the development of the school plans at school council meetings. School plans are posted on school websites by November 30.

## Financial Planning and Reporting

Sturgeon Public School Division's primary focus is to ensure each student has the opportunity to achieve their full potential. Through the Budgeting and Education Plan processes, the Division establishes the goals and objectives of the Board in accordance with the Vision, Mission and Values and priorities of the school year.

### Variance Explanation

The Division experienced a 2% increase in actual over budgeted revenues. The increase comes from the unbudgeted deferral of funding from the prior year into the 2023-2024 school year. This funding was used to support our student learning. Actual expenditures were 1% higher than budgeted - primarily from actual utility costs experienced by the Division.

## 2023 - 2024 Accumulated Surplus

The Division finished the year with a total accumulated surplus of \$13,261,047.

## Proposed 3 Year Capital Plan

Each year, school divisions across the province are required to submit a Three-Year Capital Plan to Alberta Education. The Three-Year Capital Plan (2024-2027) is a summary of the Division's capital priorities for the next three years and includes many assumptions and estimates.

Sturgeon Public School Division's Three-Year Capital Plan priorities have been tailored to mitigate environmental concerns, high maintenance drain on CMR, IMR and operational funding. The capital plan priority school sites have a higher VFA condition rating, higher annual operational costs and increasing annual deferred maintenance costs for the Division. The key drivers for the Division's capital priorities are health & safety, reducing annual operational costs, accessibility issues, sustainability, aging infrastructure solutions, energy conservation and end of life mechanical and electrical systems. The two priorities for the 2024-2027 Capital Plan are:

Sturgeon School Division 2024-2027 3-Year Capital Plan				
Priority	School Name	Grade	Jurisdiction	Solution Description
#1	Gibbons and Landing Trail Solution	K-9	Town of Gibbons	Amalgamate of Gibbons and Landing Trails schools to K-9 on a new site.
#2	New School - Morinville Public School	K-6	Town of Morinville	The Division is requesting a replacement school with a capacity for 740 students, accompanied by a change in grade configuration from K-4 to K-6. This adjustment aims to alleviate enrolment pressures at Four Winds Public School

## Domain: Local and Societal Context

*Public assurance occurs when Sturgeon Public Schools respond proactively to local and societal contexts or concerns. Learning in Sturgeon Public Schools includes local context in educational programming.*

### 2023 - 2024 Outcomes

Students demonstrate respect for themselves and others and show pride in their accomplishments and in their community.

Schools implement student volunteer opportunities in their communities and encourage participation in division-wide events.

Partnerships with external agencies are in place and used to enhance the conditions required for student achievement.

## Contextual Information

Sturgeon Public Schools has a longstanding commitment to delivering high-quality rural education across Sturgeon County. From its origins in a small, two-classroom school, the Division has grown to serve over 5,000 students across 17 locations, including traditional schools, Learning Centres, a Virtual Academy, and a Colony school, providing Pre-Kindergarten to Grade 12 programs that foster lifelong learning.

Guided by a mission to create safe, respectful, and collaborative environments, the Division works alongside trustees, parents, community members, staff, and students to support individual growth and success. Sturgeon Public Schools fosters open communication and shared responsibility, collaborating with rural community partners to provide diverse programs that inspire and engage students. Schools prioritize environments where students feel secure, respected, and valued, celebrating diversity and fostering belonging through initiatives like gay-straight alliances, which affirm a welcoming atmosphere for all.

To prepare students for their future paths, Sturgeon Public Schools offer a range of academic, technological, and vocational programs designed to meet diverse needs. By promoting STEAM education and specialized programs, the Division equips students with the skills and knowledge necessary for success. Whether in academics, athletics, arts, or Career Pathways, Sturgeon Public Schools students' are empowered to pursue their passions and develop essential skills for post-secondary education and vocational opportunities.

The Division values partnerships that expand opportunities for students and strengthen community connections. For example, the Jessica Martel Memorial Foundation works with Four Winds Public School through the Inspire Program, which empowers junior high female students by exploring leadership, positive relationships, and self-image. Additionally, the

Mental Health Capacity Building Grant (HYPE - Helping Young People Excel) enables collaboration with Alberta Health Services and local organizations to enhance mental health resources, ensuring students and families have access to critical supports. These partnerships exemplify Sturgeon Public’s dedication to fostering student well-being and success.

Career Pathways Education includes programs like the Work Experience and Career Internship Program, Registered Apprenticeship Program (RAP), Dual Credit Program, and Alberta Agriculture’s Green Certificate Program. These experiences allow students to explore career interests while earning high school credits. In the past year, 215 students participated, collectively earning over 1,490 credits through experiences that include college-level courses with institutions such as Olds College and NAIT and hands-on work placements in local businesses.

Sturgeon Public Schools are dedicated to excellence in teaching, open communication, and inclusivity. This commitment to fostering student success and community engagement creates an environment where every learner is supported on their unique path to future success.

Notes:

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).
2. Caution should be used when interpreting high school completion rate results over time, as participation in the 2019/20 to 2021/22 Diploma Exams was impacted by the COVID-19 pandemic. In the absence of Diploma Exams, achievement level of diploma courses were determined solely by school-awarded marks.
3. Aggregated Grade 6 Provincial Achievement Test (PAT) results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each Grade 6 course. Courses included: Social Studies (Grade 6).
4. Aggregated Grade 9 PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each Grade 9 course. Courses included: English Language Arts (Grades 9, 9 KAE), Français (9e année), French Language Arts (9e année), Mathematics (Grades 9, 9 KAE), Science (Grades 9, 9 KAE), Social Studies (Grades 9, 9 KAE).
5. Participation in the PATs and Diploma Exams was impacted by the COVID-19 pandemic from 2019/20 to 2021/22. School years 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.
6. Participation in the PATs and Diploma Exams was impacted by the fires in 2022/23. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
7. Beginning in 2022/23, results for the Grade 6 Provincial Achievement Tests do not include students participating in subjects where the tests were not administered due to new curriculum being piloted or optionally implemented.

8. Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

9. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Exam for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Mathematics 30-1, Mathematics 30-2, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
